BELFAST: OPTIONAL EXCURSIONS

GIANT'S CAUSEWAY & WALLED GARDEN AT GLENARM CASTLE

Guests will travel along the beautiful Antrim Coast. A magnificent coast runs north from Larne and curves around the base of steep headlands, through which the beautiful glens of Antrim open to the sea. Giant's Causeway was formed more than 60 million years ago when red-hot lava erupted onto the surface of the earth. It was quickly cooled by the sea, which crystallized it and formed it into the 40,000 basalt polygonal columns, which today form the Giants Causeway. A must on any visit to the North of Ireland, the Causeway is an UNESCO World Heritage site, and is often referred to as the 'Eighth Wonder of the World'.

Dating from the 18th century, the Walled Garden is situated on the grounds of Glenarm Castle. It is one of Ireland's oldest walled gardens. Originally created to supply the Castle with its fruit and vegetables, the Walled Garden is now filled with exciting flowers and specimen plants to interest the keenest garden enthusiast.
